  Percentage: 74.50

HOBBIES

- Sports
- Music
- coding
- reading
- travelling

AREA OF INTEREST

- Cyber Security
- Networking
- Ethical Hacking
- Emerging technologies

ABOUT

I am a final year student at LD College of Engineering, pursuing a degree in Computer Engineering. With a strong foundation in coding and a keen interest in cyber technologies, I am passionate about exploring and solving complex technical challenges. My academic journey has equipped me with hands-on experience in various programming languages and development tools, while my enthusiasm for cybersecurity drives my continuous learning in the field. I am eager to leverage my skills and knowledge in a dynamic and innovative environment, contributing effectively to impactful projects and advancing my career in technology.

PROJECT

- **Keylogger**
  link: https://github.com/Adityadey1/keylogger
  This project is about keylogger. Keylogger basically used to save the keystroke from the keyboard. It can capture sensitive information such as passwords, credit card numbers, and private messages, often without the user's knowledge. Keyloggers can be used for legitimate purposes like monitoring employee activity or for malicious activities like stealing personal information.

SKILLS

- Ethical Hacking
- Python
- HTML
- CSS
- Networking
- Communication

ACHIEVEMENTS

- 3rd Place in International Level in WSRO Compitition
- 3rd Place in College Level Football Compitition
